Index to Volume 33, 1970

Page numbers preceded by '(P)' refer to the summaries of papers at the Meetings of the Society of British Neurological Surgeons.

ABBRUZZESE, M. *See* KUGELBERG, E., EDSTRÖM, L., and ABBRUZZESE, M.
Abdominal muscles, congenital absence of, with microcephaly, polymicrogyria and cerebellar malformations, **844**
ABRAHAM, J. *See* MATHEW, N. T., ABRAHAM, J., and CHANDY, J.
Abscess, brain, secondary to cerebral candidiasis, **864**
Acid maltase levels in muscle in heterozygous acid maltase deficiency and in non-weak and neuromuscular disease controls, **801**
Acrylamide, effect on peripheral nervous system of baboon, **805**
ADAMS, J. H. *See* GRAHAM, D. I., ADAMS, J. H., CAIRD, F. I., and LAWSON, J. W.
Afferent nerve fibres in flexor reflex, **786**
Aggressiveness in psychotics, effect of stereotaxic amygdalotomy and basofrontal tractotomy, **858**
AHMED, R. *See* PULLAR, I. A., WEDDELL, J. M., AHMED, R., and GILLINGHAM, F. J.
ALADETOYINBO, A. *See* OSUNTOKUN, B. O., LANGMAN, M. J. S., WILSON, J., and ALADETOYINBO, A.
ALBU, E. *See* RADU, H., GÖDRI, I., ALBU, E., RADU, A., and ROBU, R.
Alexia without agraphia, case of, **34**
Alloxan, excitability changes in peripheral nerves during hypoxia and anoxia in rats treated with, **310**
Aminobutyric acid derivatives. *See* CIBA 34,647-Ba
Amygdalotomy, stereotaxic, in psychotics with aggressive behaviour, **858**
Amyotropic lateral sclerosis, pancreatic function in, **544**
ANDERSON, M. H., FULLERTON, P. M., GILLIATT, R. W., and HERN, J. E. C.: Changes in the forearm associated with median nerve compression at the wrist in the guinea-pig, **70**
Aneurysms, intracranial, familial incidence of, **29**
Angiography, operative (P), **717**
Angioma, cavernous, of brain, familial occurrence of, **871**
—, spinal, diagnosis and treatment (P), **715**
Anoxia, cerebral, acute, epileptic seizures in, **381**
—, effect on excitability of peripheral nerves in rats treated with insulin or alloxan, **310**
APPENZELLER, O., SNYDER, R., and KORNFELD, M.: Autonomic failure in hydrencephaly, **532**
Arachnoid cysts, spinal, congenital, **105**
ARNOLD, N., and HARRIMAN, D. G. F.: The incidence of abnormality in control human peripheral nerves studied by single axon dissection, **55**
ARSENI, C., and IACOB, M.: Calcified intracranial haematoma associated with chronic subdural hygroma, **205**
Arteriosclerosis, ischaemic lacunae in spinal cord in, **138**
Arteriovenous malformations, spontaneous, in cervical area, **303**
ASHCROFT, G. W. *See* ECCLESTON, D., ASHCROFT, G. W., CRAWFORD, T. B. B., STANTON, J. B., WOOD, D., and MCTURK, P. H.
ASHLEY, D. J. B., and WILSON, P. J. E.: Malignant change in an intraspinal nerve sheath tumour, **824**
Ataxic neuropathy, tropical, controlled trial of hydroxocobalamin and riboflavine in Nigerians with, **663**
Australia, cryptococcosis of central nervous system in, epidemiological, clinical and therapeutic features, **415**
Autonomic failure in hydrencephaly, **532**
Axon, myelinated, single, dissection of, in study of incidence of peripheral nerve abnormality, **55**
— reflexes, demonstration in motor nerve fibres, **571**
AZIZ, H. *See* PEARCE, J., and AZIZ, H.

Babinski's reflex, physiology of, and role of skin areas adjacent to extensor muscles in motor neurone excitability, **121**
BAILEY, I. C. *See* KAK, V. K., GLEADHILL, C. A., and BAILEY, I. C.
BAKAY, L., CARES, H. L., and SMITH, R. J.: Ossification in the region of the posterior longitudinal ligament as a cause of cervical myelopathy, **263**
BARLTROP, D. *See* CAMPBELL, A. M. G., WILLIAMS, E. R., and BARLTROP, D.
Basofrontal tractotomy in psychotics with aggressive behaviour, **858**
BECKER, F. O. *See* DAVIS, F. A., BECKER, F. O., MICHAEL, J. A., and SORENSEN, E.
BELL, D. S.: The effect of diazepam on the EEG of status epilepticus, **231**
BHANDARI, Y. S. *See* MILES, J., and BHANDARI, Y. S.
Biliary cirrhosis, acquired hepatocerebral degeneration secondary to, atypical case of, **656**
Bioelectrical activity and calcium uptake of denervated and myotonic muscle, **294**
BLACK, J. T.: Cerebral candidiasis: case report of brain abscess secondary to *Candida albicans* and review of the literature, **864**
Blink reflex, **792**
Blood and CSF gas changes and respiratory disturbances after severe head injury (P), **714**
— flow, cerebral, in experimental cerebral oedema, effect of hyperbaric oxygen, **745**
— —, spinal, regulation in physiological and pathological conditions (P), **716**
— platelets, phospholipids from, fatty acid composition in multiple sclerosis, **506**
BODLEY, P. *See* CRONIN, D., BODLEY, P., POTTS, L., MATHER, M. D., GARDNER, R. K., and TOBIN, J. C.

Book reviews:
Allen, C.: *A Textbook of Psychosexual Disorders*, 2nd ed., 1969, **276**

Books received, **722**
Botulinum toxin, changes in motor innervation and cholinesterase localization in skeletal muscle of mouse induced by, **40**
— —, effect on distribution of succinate dehydrogenase and phosphorylase in fast and slow skeletal muscles of mouse, **580**
BRADLEY, K. C.: Cerebrospinal fluid pressure, **387**
BRADLEY, W. G., PRICE, D. L., and WATANABE, C. K.: Familial centronuclear myopathy, **687**
Brain abscess secondary to cerebral candidiasis, **864**
—, angioma of, cavernous, familial occurrence of, **871**
— scan, abnormal, in subacute extradural haematoma, **679**
— —, radioactive, in management of cerebrovascular disease, **201**
BRICE, J.: An observation on post-operative spasm and its possible significance (P), **718**
BRIDGES, P. K., JONES, M. T., and LEAK, D.: A taxonomic study o physiological responses to a psychological stress, **180**
—. *See also* CURZON, G., and BRIDGES, P. K.
BROWNELL, B., OPPENHEIMER, D. R., and HUGHES, J. T.: The central nervous system in motor neurone disease, **338**
BRUCKNER, F. E. *See* WELLER, R. O., BRUCKNER, F. E., and CHAMBERLAIN, M. A.
BUCHTHAL, F. *See* LAMONTAGNE, A., and BUCHTHAL, F.
BUES, E. *See* MARKAKIS, E., BUES, E., and SPRING, A.
BUNDEY, S., CARTER, C. O., and SOOTHILL, J. F.: Early recognition of heterozygotes for the gene for dystrophia myotonica, 279; *erratum*, **722**
Burdach, Karl Friedrich, place in history of neuroanatomy, **553**
BURKE, D., GILLIES, J. D., and LANCE, J. W.: The quadriceps stretch reflex in human spasticity, **216**
—. *See also* JONES, R. F., BURKE, D., MAROSSZEKY, J. E., and GILLIES, J. D.
CAIRD, F. I. *See* GRAHAM, D. I., ADAMS, J. H., CAIRD, F. I., and LAWSON, J. W.
Calcium uptake and bioelectrical activity of denervated and myotonic muscle, **294**
CAMPBELL, A. M. G., WILLIAMS, E. R., and BARLTROP, D.: Motor neurone disease and exposure to lead, **877**
CAMPBELL, M. J., SIMPSON, E., CROMBIE, A. L., and WALTON, J. N.: Ocular myasthenia: evaluation of Tensilon tonography and electronystagmography as diagnostic tests, **639**
Candidiasis, cerebral, brain abscess secondary to, **864**
CAPE, C. A. *See* UTTERBACK, R. A., CUMMINS, A. J., CAPE, C. A., and GOLDENBERG, J.
Carbamazepine treatment of paroxysmal disorders in multiple sclerosis, **528**
Carcinoma, skeletal muscle necrosis associated with, **398**
CARES, H. L. *See* BAKAY, L., CARES, H. L., and SMITH, R. J.
CAROLIS, V. DE. *See* FIESCHI, C., GOTTLIEB, A., and CAROLIS, V. DE
Carotid artery, internal, loops and kinks in, neurological symptoms in children associated with, **194**
Carotid-cavernous fistula, artificial embolization of, with post-operative patency of internal carotid artery, **674**
CARTER, C. O. *See* BUNDEY, S., CARTER, C. O., and SOOTHILL, J. F.
Cartilaginous neoplasms, intracranial, primary, non-skeletal (chondroma and mesenchymal chondrosarcoma), **469**
CARTLIDGE, N. E. F. *See* HUGHES, R. C., CARTLIDGE, N. E. F., and MILLAC, P.
Cauda equina, ependymona of, extraneural metastases in, **763**
CENDROWSKI, W., and NIEDZIELSKA, K.: Lymphocyte transformation induced *in vitro* by PHA and PPD in multiple sclerosis, **92**
Centronuclear myopathy, familial, **687**
Cephalic tetanus, **212**
Cerebellar haemangioblastoma (P), **717**
— malformations in syndrome of absent abdominal muscles, **844**
— medulloblastoma in adults, 18 cases of, **208**
Cerebral anoxia, acute, epileptic seizures in, **381**
— candidiasis, brain abscess secondary to, **864**
— circulation, relationship between volume flow and velocity in, **733**
— cortex perfusion rates in dementia, **497**
— dominance and effects of side of electrode placement in unilateral electroconvulsive therapy on verbal memory, **408**
— hypothermia, local, in 10 operations, **647**
— oedema, experimental, intracranial pressure and cerebral blood flow in, effect of hyperbaric oxygen, **745**
— —, traumatic, electrolytes, fluids and energy metabolism in (P), **714**
— palsy, neurosurgery in, **513**
— schistosomiasis japonica, experimental, in primates, **426**
Cerebrospinal fluid and blood gas changes and respiratory disturbances after severe head injury (P), **714**
— — homovanillic acid concentration in Parkinsonism treated with L-dopa, **1**
— —, 5HIAA in, effect of tryptophan administration, **269**
— —, lumbar, in Parkinsonism treated with L-dopa, phenolic acid concentrations in, **851**
— — pressure variations, **387**
Cerebrovascular disease, plasma uric acid and lipid correlations in, **88**
— —, radioactive brain scanning in management of, **201**

— responses, regional, to acute ischaemia in normocapnia and hypercapnia in baboon experiments, 756
Cervical area, spontaneous arteriovenous malformations in, 303
— myelopathy, ossification in region of posterior longitudinal ligament as cause of, 263
— myelotomy, stereotactic, 224
— rib or band, hand wasting associated with, 615
— spondylosis with myelopathy, surgery with posterolateral approach in (P), 716
CHAMBERLAIN, M. A. *See* WELLER, R. O., BRUCKNER, F. E., and CHAMBERLAIN, M. A.
CHANDY, J. *See* MATHEW, N. T., ABRAHAM, J., and CHANDY, J.
CH'IEN, L., HATHAWAY, B. M., and ISRAEL, C. W.: Seronegative dementia paralytica: report of a case, 376
Cholinesterase localization and motor innervation, changes induced by botulinum toxin in skeletal muscle of mouse, 40
Chondroma and mesenchymal chondrosarcoma, intracranial, 469
CIBA 34,647-Ba in control of spasticity, clinical trial and comparison with diazepam, 464
Circulation, cerebral, relationship between volume flow and velocity in, 733
— time, limitations in diagnosis of intracranial disease, 739
Cirrhosis, biliary, acquired hepatocerebral degeneration secondary to, atypical case of, 656

Contents

No. 1 FEBRUARY 1970 *Page*

The cerebrospinal fluid homovanillic acid concentration in patients with Parkinsonism treated with L-dopa G. CURZON, R. B. GODWIN-AUSTEN, E. B. TOMLINSON, and B. D. KANTAMANENI 1

Relief of intention tremor by thalamic surgery KHAIRY SAMRA, JOSEPH M. WALTZ, MANUEL RIKLAN, MAXIM KOSLOW, and IRVING S. COOPER 7

Simple and complex finger movement performance of patients with Parkinsonism before and after a unilateral stereotaxic thalamotomy E. PERRET, E. EGGENBERGER, and J. SIEGFRIED 16

Colour imperception in unilateral hemisphere-damaged patients GIUSEPPE SCOTTI and HANS SPINNLER 22

The familial incidence of intracranial aneurysms VIJAY K. KAK, COLIN A. GLEADHILL, and IAN C. BAILEY 29

A study of a patient who had alexia without agraphia W. J. K. CUMMING, L. J. HURWITZ, and N. T. PERL 34

Changes in motor innervation and cholinesterase localization induced by botulinum toxin in skeletal muscle of the mouse: differences between fast and slow muscles L. W. DUCHEN 40

The incidence of abnormality in control human peripheral nerves studied by single axon dissection N. ARNOLD and D. G. F. HARRIMAN 55

Remarkable recovery of a steroid-responsive recurrent polyneuropathy DARRYL C. DEVIVO and W. KING ENGEL 62

Changes in the forearm associated with median nerve compression at the wrist in the guinea-pig MARGARET H. ANDERSON, PAMELA M. FULLERTON, R. W. GILLIATT, and J. E. C. HERN 70

The prediction of recurrence in meningiomas M. RUFUS CROMPTON and PETER C. GAUTIER-SMITH 80

Uric acid and serum lipids in cerebrovascular disease. Part 2: Uric acid-plasma lipid correlations JOHN PEARCE and HASAN AZIZ 88

Lymphocyte transformation induced *in vitro* by PHA and PPD in multiple sclerosis W. CENDROWSKI and K. NIEDZIELSKA 92

Subdural haematoma after the treatment of chronic hydrocephalus by ventriculocaval shunts R. D. ILLINGWORTH 95

A comparison of methohexitone and thiopentone in electrocorticography R. PAUL and RUTH HARRIS 100

Congenital spinal arachnoid cysts. Report of two cases and review of the literature IFTIKHAR A. RAJA and JOHN HANKINSON 105

Steroid myopathy complicating McArdle's disease F. L. MASTAGLIA, J. P. K. MCCOLLUM, P. F. LARSON, and P. HUDGSON 111

The role of skin areas adjacent to extensor muscles in motor neurone excitability: evidence bearing on the physiology of Babinski's response M. MICHAEL GASSEL 121

Book reviews 127

No. 2 APRIL 1970

The nosological position of concentric lacunar leucoencephalopathy S. CURRIE, A. H. ROBERTS, and H. URICH 131

Ischaemic lacunae in the spinal cord of arteriosclerotic subjects C. FIESCHI, A. GOTTLIEB, and V. DE CAROLIS .. 138

Mineralization of the central nervous system in pseudopseudohypoparathyroidism (PPH) ALDEN W. DUDLEY JR. and HAL HAWKINS 147

Neurological and psychiatric manifestations in idiopathic hypoparathyroidism; response to treatment M. HOSSAIN 153

Anterior transposition of the ulnar nerve: an electrophysiological study J. PAYAN 157

Spurious papilloedema and visual field contraction after head trauma ROBERT T. DALE and MILES A. GALIN .. 166

Mucocoele of the sphenoidal sinus as a cause of recurrent oculomotor nerve palsy GEORGE FRIEDMANN and SPENCER HARRISON 172

A taxonomic study of physiological responses to a psychological stress P. K. BRIDGES, M. T. JONES, and D. LEAK 180

Psychiatric symptoms in Parkinsonism R. H. S. MINDHAM 188

Hypopituitarism (Sheehan's syndrome) presenting with organic psychosis S. M. HANNA 192

Neurological manifestations associated with internal carotid loops and kinks in children N. B. S. SARKARI, J. MACDONALD HOLMES, and EDWIN R. BICKERSTAFF 194

Radioactive brain scanning in the management of cerebrovascular disease JOHN MARSHALL and MARY G. POPHAM 201

Calcified intracranial haematoma associated with chronic subdural hygroma C. ARSENI and M. IACOB 205

Contents *Page*

Cerebellar medulloblastomata in adults: review of 18 cases JOHN MILES and Y. S. BHANDARI 208
Cranial nerve palsies in tetanus: cephalic tetanus D. M. PARK 212
The quadriceps stretch reflex in human spasticity DAVID BURKE, J. D. GILLIES, and JAMES W. LANCE 216
Stereotactic cervical myelotomy EDWARD HITCHCOCK 224
The effect of diazepam on the EEG of status epilepticus D. S. BELL 231
Hereditary motor end-plate disease in the mouse: light and electron microscopic studies L. W. DUCHEN with a genetic appendix by A. G. SEARLE 238
'Meningoceles' and 'meningomyeloceles' (ectopic spinal cord) VASANT C. TALWALKER and DARAB K. DASTUR 251
Ossification in the region of the posterior longitudinal ligament as a cause of cervical myelopathy L. BAKAY, H. L. CARES, and R. J. SMITH 263
Effect of tryptophan administration on 5HIAA in cerebrospinal fluid in man D. ECCLESTON, G. W. ASHCROFT, T. B. B. CRAWFORD, J. B. STANTON, D. WOOD, and P. H. MCTURK 269
Book reviews 273

No. 3 JUNE 1970

Early recognition of heterozygotes for the gene for dystrophia myotonica SARAH BUNDEY, C. O. CARTER, and J. F. SOOTHILL 279
Calcium uptake and bioelectrical activity of denervated and myotonic muscle H. RADU, I. GÖDRI, E. ALBU, A. RADU, and R. ROBU 294
Biochemical studies in Nevin-Jones syndrome K. VALMIKINATHAN and J. N. CUMINGS 299
Spontaneous arteriovenous malformations in the cervical area J. GREENBERG 303
The role of diffusion barriers in determining the excitability of peripheral nerve K. N. SENEVIRATNE and O. A. PEIRIS 310
Mapping of motor units in experimentally reinnervated rat muscle ERIC KUGELBERG, LARS EDSTRÖM, and MICHELE ABBRUZZESE 319
Relapsing corticosteroid-dependent polyneuritis W. B. MATTHEWS, D. A. HOWELL, and R. C. HUGHES 330
The central nervous system in motor neurone disease BETTY BROWNELL, D. R. OPPENHEIMER, and J. TREVOR HUGHES 338
A critical review of evidence concerning long-loop reflexes excited by muscle afferents in man M. MICHAEL GASSEL 358
Primary neurogenic orthostatic hypotension R. C. HUGHES, N. E. F. CARTLIDGE, and P. MILLAC 363
Late complications of hemispherectomy: report of a case relieved by surgery NINAN T. MATHEW, JACOB ABRAHAM, and JACOB CHANDY 372
Seronegative dementia paralytica: report of a case L. CH'IEN, B. M. HATHAWAY, and C. W. ISRAEL 376
Epileptic seizures resulting from acute cerebral anoxia D. MADISON and E. NIEDERMEYER 381
Cerebrospinal fluid pressure K. C. BRADLEY 387
Necrosis of muscle with carcinoma: myositis or myopathy? H. URICH and MARCIA WILKINSON 398
Unilateral electroconvulsive therapy and cerebral dominance: effect of right- and left-sided electrode placement on verbal memory J. J. FLEMINGER, D. J. DE L. HORNE, and P. N. NOTT 408
Book reviews 412

No. 4 AUGUST 1970

Cryptococcosis of the central nervous system: epidemiological, clinical, and therapeutic features V. E. EDWARDS, J. M. SUTHERLAND, and J. H. TYRER 415
Experimental cerebral schistosomiasis japonica in primates JOHN A. JANE, KENNETH S. WARREN, and STANLEY VAN DEN NOORT 426
Myasthenia gravis in the dog D. C. FRASER, A. C. PALMER, J. E. B. SENIOR, J. D. PARKES, and M. F. T. YEALLAND 431
Stimulus intensity and site of excitation in human median nerve sensory fibres W. C. WIEDERHOLT 438
Electrophysiological studies in diabetic neuropathy ALBERT LAMONTAGNE and FRITZ BUCHTHAL 442
Atypical deep peroneal neuropathy L. GUTMANN 453
On the problem of the pathology of spasmodic torticollis in man EDWARD TARLOV 457

Contents *Page*

A new agent for the control of spasticity RICHARD F. JONES, DAVID BURKE, J. E. MAROSSZEKY, and J. D. GILLIES 464
Primary non-skeletal intracranial cartilaginous neoplasms: report of a chondroma and a mesenchymal chondrosarcoma WILLIAM Q. WU and ANGELO LAPI 469
Is reading epilepsy inherited? A. J. ROWAN, K. W. G. HEATHFIELD, and D. F. SCOTT 476
Gelastic epilepsy JOHN GUMPERT, PHIROZE HANSOTIA, and ADRIAN UPTON 479
Iatrogenic lumbar meningocoele ITALO RINALDI and THOMAS O. HODGES 484
Occult intrasacral meningocoele ROMA A. JOSEPH and THOMAS MCKENZIE 493
Cerebral cortex perfusion rates in dementia M. D. O'BRIEN and B. L. MALLETT 497
The distribution of plasma phenytoin levels in epileptic patients P. T. LASCELLES, R. S. KOCEN, and E. H. REYNOLDS 501
Fatty acid composition of phospholipids from platelets and erythrocytes in multiple sclerosis S. GUL, A. D. SMITH, R. H. S. THOMPSON, H. PAYLING WRIGHT, and K. J. ZILKHA 506
Failure of pyridoxine to reduce drug-induced dyskinesias GEORGE E. CRANE, IBRAHIM S. TUREK, and ALBERT A. KURLAND 511
Neurosurgery in cerebral palsy L. V. LAITINEN 513
Observations on muscle pain in man, with particular reference to pain during needle electromyography J. C. MEADOWS 519
Persistent proatlantal artery N. A. HUTCHINSON and J. D. R. MILLER 524
Treatment of paroxysmal disorders in multiple sclerosis with carbamazepine (Tegretol) MICHAEL L. E. ESPIR and PAUL MILLAC 523
Autonomic failure in hydrencephaly OTTO APPENZELLER, RUSSELL SNYDER, and MARIO KORNFELD 532
Pancreatic function in amyotrophic lateral sclerosis ROBERT A. UTTERBACK, ALVIN J. CUMMINS, CHARLES A. CAPE, and JULIO GOLDENBERG 544
Book reviews 548

No. 5 OCTOBER 1970

Karl Friedrich Burdach and his place in the history of neuroanatomy ALFRED MEYER 553
Differences in recruitment order of motor units in phasic and tonic flexion reflex in 'spinal man' LENNART GRIMBY and JAN HANNERZ 562
Demonstration of axon reflexes in human motor nerve fibres E. STÅLBERG and J. V. TRONTELJ 571
Effects of botulinum toxin on the distribution of succinate dehydrogenase and phosphorylase in fast and slow skeletal muscles of the mouse L. W. DUCHEN 580
Pathology of the peripheral nerves in leprosy: report of a case A. D. DAYAN and U. SANDBANK 586
Rheumatoid neuropathy: a histological and electrophysiological study R. O. WELLER, F. E. BRUCKNER and M. ANNE CHAMBERLAIN 592
Schwann cell dysfunction in uraemia J. J. DINN and D. L. CRANE 605
Peripheral nerve function in chronic liver disease K. N. SENEVIRATNE and O. A. PEIRIS 609
Wasting of the hand associated with a cervical rib or band R. W. GILLIATT, PAMELA M. LE QUESNE, VALENTINE LOGUE, and A. J. SUMNER 615
Rate of recovery in motor and sensory fibres of the radial nerve: clinical and electrophysiological aspects W. TROJABORG 625
Ocular myasthenia: evaluation of Tensilon tonography and electronystagmography as diagnostic tests M. J. CAMPBELL, E. SIMPSON, A. L. CROMBIE, and J. N. WALTON 639
Report of 10 operations under local cerebral hypothermia BERNARD N. WILLIAMS and ERIC A. TURNER 647
Acquired hepatocerebral degeneration: report of an atypical case D. I. GRAHAM, J. HUME ADAMS, F. I. CAIRD, and JOHAN W. LAWSON 656
Controlled trial of hydroxocobalamin and riboflavine in Nigerian ataxic neuropathy B. O. OSUNTOKUN, M. J. S. LANGMAN, J. WILSON, and A. ALADETOYINBO 663
Subacute necrotizing encephalomyelopathy. Its relationship to central pontine myelinolysis. AMIN A. FARIS and LORAN D. FLECKENSTEIN 667
Nishimoto-Takeuchi-Kudo disease: case report K. URBÁNEK, H. FÁRKOVÁ, and E. KLAUS 671

Contents *Page*

Artificial embolization of carotid-cavernous fistula with post-operative patency of internal carotid artery FABIAN ISAMAT, V. SALLERAS, and A. M. MIRANDA 674
Abnormal brain scan with subacute extradural haematomas J. BARRIE MORLEY and KEITH H. LANGFORD 679
Familial centronuclear myopathy W. G. BRADLEY, D. L. PRICE, and C. K. WATANABE 687
Quantitative immunoelectrophoresis of serum from hospitalized chronic schizophrenic and epileptic patients H. G. MINCHIN CLARKE, T. FREEMAN, and W. PRYSE-PHILLIPS 694
Tryptophan metabolism in depression G. CURZON and P. K. BRIDGES 698
Unilateral and bilateral ECT: a study of memory disturbance and relief from depression D. CRONIN, P. BODLEY, L. POTTS, MARCIA D. MATHER, R. K. GARDNER, and JEAN C. TOBIN 705
Proceedings of the Society of British Neurological Surgeons 714
Book reviews 719

No. 6 DECEMBER 1970

Effect of intravenous sodium bicarbonate, disodium edetate (Na_2EDTA), and hyperventilation on visual and oculomotor signs in mutiple sclerosis FLOYD A. DAVIS, FRANK O. BECKER, JOEL A. MICHAEL, and ERIC SORENSEN 723
Relationship between volume flow and velocity in the cerebral circulation J. O. ROWAN, A. M. HARPER, J. D. MILLER, G. M. TEDESCHI, and W. B. JENNETT 733
Limitations of circulation time in the diagnosis of intracranial disease J. O. ROWAN, J. N. CROSS, G. M. TEDESCHI, and W. B. JENNETT 739
Effects of hyperbaric oxygen on intracranial pressure and cerebral blood flow in experimental cerebral oedema J. D. MILLER, I. MCA. LEDINGHAM, and W. B. JENNETT 745
Regional cerebrovascular responses to acute ischaemia in normocapnia and hypercapnia: an experimental study in baboons LINDSAY SYMON 756
Extraneural metastases in ependymoma of the cauda equina LUCIEN J. RUBINSTEIN and WILLIAM J. LOGAN .. 763
Clinical spectrum of ocular bobbing JOHN O. SUSAC, WILLIAM F. HOYT, ROBERT B. DAROFF, and WILLIAM LAWRENCE 771
Effect of speed of muscle contraction on physiological tremor in normal subjects and in patients with thyrotoxicosis and myxoedema C. D. MARSDEN, J. C. MEADOWS, and G. W. LANGE 776
In vitro staining of intramuscular nerve endings R. H. EVANS, J. HAYNES, C. J. MORRIS, and A. L. WOOLF 783
Flexor reflex afferent nerve fibres in man BHAGWAN SHAHANI 786
The human blink reflex BHAGWAN SHAHANI 792
Acid maltase levels in muscle in heterozygous acid maltase deficiency and in non-weak and neuromuscular disease controls ANDREW G. ENGEL and MANUEL R. GOMEZ 801
Effect of acrylamide on the peripheral nervous system of the baboon ANTHONY HOPKINS 805
Refsum's syndrome: report of three cases C. D. QUINLAN and E. A. MARTIN 817
Malignant change in an intraspinal nerve sheath tumour D. J. B. ASHLEY and P. J. E. WILSON 824
Recurrent multiple cranial nerve palsies: a distinctive syndrome of cranial polyneuropathy JOHN C. STEELE and ARAMASI VASUVAT 828
Spinal perineural and meningeal cysts I. M. TARLOV 833
Syndrome of absent abdominal muscles: Two cases with microcephaly, polymicrogyria, and cerebellar malformations REID R. HEFFNER 844
Phenolic acid concentrations in the lumbar cerebrospinal fluid of Parkinsonian patients treated with L-dopa I. A. PULLAR, JUNE M. WEDDELL, R. AHMED, and F. J. GILLINGHAM 851
Stereotaxic amygdalotomy and basofrontal tractotomy in psychotics with aggressive behaviour K. VÆRNET and ANNA MADSEN 858
Cerebral candidiasis: case report of brain abscess secondary to *Candida albicans* and review of literature JOSEPH T. BLACK 864
Familial occurrence of cavernous angiomata of the brain J. V. CLARK 871
Motor neurone disease and exposure to lead A. M. G. CAMPBELL, E. R. WILLIAMS, and D. BARLTROP 877
Book reviews 886
